THE LVTH CONGRESS.

REPUBLICANS WILL CONTROL BOTH BRANCHES OF THE NATIONAL LEGISLATURE.

WORKING MAJORITY IN THE SENATE ASSURED -THE HOUSE REPUBLICAN BY FROM TWO-THIRDS TO THREE-FOURTHS - SOLID REPUBLICAN DELEGATIONS FROM A NUMBER OF STATES.

Yesterday's Republican victory is made complete by the capture of both houses of Congress. Democratic-Populist-Silver combination, which for many sessions has controlled the Senate, will be forced to release its grip on that body after March 4 next, while in the House of Representatives the two-thirds Republican majority secured in 1894 will be retained if not materially increased. Thirty-one new members are to enter the Senate next March. Yesterday's elections seem to guarantee the choice of enough Republicans to increase the party strength to 45. There will probably be 36 Silver Democrats, 5 Populists and 4 Sound Money

The complexion of the Legislatures in California, Delaware, Kansas, Missouri, North Carolina and Washington is still doubtful. It is more than likely that in five of these six States the Legislature will be Republican. In that event the Republican strength in the Senate will be increased to forty-seven, giving a clear najority of four in the deliberative branch over Silver Democrats, Populists and Sound Money

Democrats combined.

The House of Representatives, at the hour of going to press, promises to contain at least 236 Republican members—more than a two-thirds majority. In nearly every case sound-money Republicans who stood for re-election have been returned by increased majorities. Illinois, Iowa, New-Jersey. Connecticut, Michigan, Minnesota, New-Jersey, Connecticut, Michigan, Minnesota, Rhode Island, Washington, West Virginia and Wisconsin send solid delegations. Pennsylvania has only two Democratic Representatives among its delegation of thirty. In New-York twenty-nine Republican Representatives have been elected and five Democrats.

MONTANA. BRYAN CARRIES THE STATE BY ABOUT

Butte, Mont., Nov. 3 .- Returns from the State are very meagre, but indicate a smaller majority REPRESENTATIVES PROBABLY ELECTED. for Bryan than expected. He will c .rry the State 5,000. Charles D. Hartman is re-elected to gress over O. F. Goddard, McKinley Repub-, by probably 10,000. Robert Smith, Fusion ildate for Governor, is elected by 10,000, and cations are that nearly the entire Fusion ticket is elected by majorities of from 2,000 to 10,000. The Populists contributed fully two-thirds of the Bryan vote, and have one of the three electors. The next Legislature will be Democratic and Populist.

15,000.

NORTH DAKOTA.

IT IS M'KINLEY'S BY 5,000-A GOLD MAN FOR SENATOR ASSURED.

Bismarck, N. D., Nov. 3 (Special).-Enough returns are in to justify the claims of the Repub licans that North Dakota has given McKinley 5,000 majority, and that Johnson, Republican, has been elected to Congress, and that the entire Republican State ticket is elected. Advices from the northern portion of the State show heavy Republican gains in Democratic strongholds. Silver men claim that large numbers of voters were kept at home by the inclemency of the weather and bad roads in the country pre-cincts, where they expected stronger support. It is now safe to place the Legislature in the Republican column on a joint ballot, which in-sures the election of a Republican to the United States Senate to succeed Hansbrough.

IDAHO.

THE STATE CONCEDED TO BRYAN BY 15,000 TO 20,000.

Boise City, Idaho, Nov. 3 .- Returns come in slowly, and there will be no figures obtainable until to-morrow. The State is conceded to Bryan by 15,000 to 20,000 majority. Borah, Silver Republican, it is claimed, is ahead for Congress. No trustworthy estimate of the complexion of the Legislature can be made yet.

TEXAS GOES TO BRYAN.

CULBERSON ELECTED GOVERNOR AND DEMOCRATS CLAIM A SOLID CON-GRESS DELEGATION.

Austin, Tex., Nov. 3 .- The election passed off quietly with a full vote. Local tickets were so mixed that the coun proceeds slowly, and in the city will not be completed until morning. The indications are that McKinley will carry the city and county by a small plurality. Sayers (Dem.),

and county by a small plurality. Sayers (Dem.), for Congress, will have a large majority in the city and county.

State Chairman B. ske (Dem.), estimated Bryan's plurality at 100,000, and Culberson, for Governor, will have 75,000 plurality. He says a solid Democratic Congress delegation of the een members has been returned. No definite returns can be expected before to-morrow.

GEORGIA.

THE DEMOCRATIC PLURALITY CUT DOWN TO 10,000 OR 15,000-WHAT HOKE SMITH THINKS OF THE PESULT.

Atlanta, Nov. 3 (Special).- Returns from the 137 counties in Georgia are necessarily delayed by the remoteness of many of them and the generally insufficient telegraph facilities. Sufficient figures have been received, however, to show that the State has gone for Bryan and Sewall, though by a reduced majority. McKinley received a good vote throughout the State, and returns up to this hour indicate that he has broken the Democratic solidarity of the State in several places. Chatham County, in which Savannah is situated, seems to have gone Republican, and Marion County, heretofore invariably Democratic, has for the first time joined the Republican column. In this city McKinley

Richmond, Va., Nov. 3 (Special).-The canvass of to-day's vote in Virginia was necessarily tedious, and the returns are slow coming in. The Democratic plurality will not fall below 20,000, and that party will get certainly eight out of ten Congressmen. Lamb (Dem.) carries Richmond by 3,000. In this district, in which the Republicans and Sound Money Democrats rade a blg fight, thousands of votes were lost through im-properly marked ballots, and perhaps as meny more were shut out by sundown.

ALABAMA.

Birmingham, Ala., Nov. 3 (Special).-Alabama experienced heavy Democratic losses to-day. The Seventh Ward in Mobile went for McKinley, and the Republicans c'aim Birminghan. The Democrats employed dilatory tactics at the latter place to keep the negroes from soting. Gross frauds are charged by the Republicans in Birmingham. At one box the negroes were kept in a line on the street, while Democrats went up the back way and voted. Bryan and Sewall may carry the State by 50,000.

Silver Democrats have been elected in six Congress districts. A silver Populist, a Republican Populist and a Sound Money Democrat were elected in the other three. Dr. G. B. Crowe, Protection Populist, wil contest O. A. Underwood's seat on account of alleged frauds in Birmingham. The count proceeds slowly.

SOUTH CAROLINA.

Columbia, S. C., Nov. 3 (Special).-The voting throughout South Carolina was light, particularly in the country districts. The weather was threatening, with occasional showers. The only interest in the voting in the State was in the contest between the Republican factions. While neither expected, in view of known registration, to cast a heavy vote, they were fighting for recognition in the event of Republican National success. There were three State tickets, two being put up by the Republican factions.

The Republicans had candidates in every Congress District. In the 1st District, now represented by Murray, Republican, Elliott, gold Democrat, is elected by probably 1,500 plurality. In the other districts the Democrats, all silverites, had walkovers, the incumbents being reelected without exception.

With four exceptions, the Legislature is Democratic, and will elect Joseph H. Earle to succeed Irby in the Senate. The vote in the State will not exceed 40,000; of this the combined Republican electoral tickets will receive about 8,500, and Palmer and Buckner less than 2,000.

MAINE.

A MAJORITY OF NEARLY 50,000 PROBABLE. Augusta, Me., Nov. 3 (Special).-Maine gives McKinley a majority from 43,000 to 45,000.

Portland, Me., Nov. 3.—One hundred and ninety-five towns give McKinley 55,175; Bryan, 22,164; scattering, 3,319. The same towns in 1892 gave Harrison 43,373; Cleveland, 32,452; scattering, 3,353. The Republican plurality now is 33,-011, against 10,921, a gain of 22,090.

This is a little over two-thirds of the total rote, there being 71,918 votes. The towns to vote, there being 71,918 votes. The towns to hear from gave Harrison 19,503; Cleveland, 15,506; scattering, 2,109—a total of 37,209 votes. If these towns gain in the same ratio, the total plurality will be between 47,000 and 48,000, against 14,827 in 1892, on a total vote of 1,000 or 2,000 more than in 1892, when it was 116,387. This will be some 5,000 less than the Governor's vote in September, when the plurality was 48,377.

Four Republican Congressmen were elected in September, and the two United States Senators are Republicans.

VERMONT.

THE GREEN MOUNTAIN MEN ROLL UP PLURALITY OF 40,000 FOR M'KINLEY.

White River Junction, Vt., Nov. 3.-Beautiful weather throughout Vermont to-day helped to bring out a large vote. Returns came in more promptly than in previous years. One hundred and sixty towns gave McKinley 38,097; Bryan, 7,569; Palmer, 987; Levering, 514. Republican plurality, 30,528; majority over all, 29,027. The same towns in 1892 gave Harrison 28,441; Cleveland, 11,722; Weaver, 1,021; scattering, 2. Re publican plurality, 16,719; majority over all, 15,-

publican plurality, 16,719; majority over all, 15,-700. The percentage of gain in the Republican vote is nearly 34 per cent, and the loss in the Democratic vote 38 per cent.

The net Republican gain in the towns heard from, as compared with 1892, is 85 per cent. Mc-Kinley's plurality in the State will be 40,000. The previous high-water mark in pluralities for President was 30,554, given to Grant in 1872.

The State will have a solid Republican delegation in the United States Congress.

CONNECTICUT.

M'KINLEY SWEEPS THE STATE BY ABOUT 50,000 PLURALITY.

Hartford, Conn., Nov. 3.-McKinley has swept the State by about 50,000 plurality in a total vote of 170,000. Lorin A. Cooke, of Winsted (Rep.), is elected Governor by a plurality of perhaps 35,000. The four Republican Congressmen are all re-elected by majorities ranging from 6,000 to 15,000. The Legislature will stand 229 Republicans to 37 Democ.ats, a majority of 192 on joint ballot, insuring the election of United States Senator Orville H. Platt to succeed "Im-

received a liberal vote, though Atlanta has pronably gone for Bryan by about 1,500.

The official vote of Fulton County, in which Atlanta is located, gives Bryan 4,471; McKinley, 2,953; Bryan's plurality, 1,518. There are but few scattering votes for Palmer and other Presidential candidates.

VIRGINIA.

VIRGINIA.

Self.

At 11 o'clock to-night returns from the 168 in the State show the vote for President to be: McKinley, 46,000; Bryan, 19,000; Buckner, 2,700. In 1892 the vote of the State for President was: Cleveland, 82,335; Harrison, 77,032; Bidwell (Pro.), 4,026; Weaver (Pop.), 809. In 1894 Coffin (Rep.), for Governor, had 17,688 plurality over Cady (Dem.)

Bryan has carried so far only three of 111 towns in the State, and not one of the cities.

THE MOST SWEEPING VICTORY EVER KNOWN IN THE GRANITE STATE.

Concord, N. H., Nov. 3 .- Returns are coming in very slowly, but enough have already been received to indicate that the Republicans have secured the most sweeping victory in the history of this State, and that their ante-election claim of a plurality of upward of 20,000 for McKinley, and nearly as much for Ramsdell for Governor, with increased majorities in both branches of the Legislature, and enlarged piuralities for Congressmen, will be verified. In fact, everything seems to portend a veritable landslide. The Republicans carried Merrimack County by the largest plurality they ever had in the county. Twenty-nine towns and wards give McKinley, 4,301; Bryan, 1,459. The same towns and wards gave Harrison, 3,993; Cleveland, 3,149. McKinley's gain is 2,498. For Governor, twenty-eight towns give Ramsdell (Rep.) 3,022; Kent (Dem.), 1,700. seems to portend a veritable landslide. The Re-

MASSACHUSETTS.

THE REPUBLICAN PLURALITY FIVE OR SIX TIMES BIGGER THAN IN 1892.

Boston, Nov. 3 (Special).-Massachusetts has given the Republican ticket a plurality now estimated to be between 135,000 and 150,000. In 1892 the Republican plurality was only 26,000. Twelve Republican Congressmen are elected, and the unlucky thirteenth Congressman, Fitzand the unlucky thirteenth Congressman, Fitz-gerald, probably has been returned to his former post as the only Democratio Congressman in New-England.

Roger Wolcot is elected Governor, and the State offices go, as usual, to Republicans.

The vote on the question of biennial elections will probably not be known to-night.

RHODE ISLAND.

THE PLURALITY FOR M'KINLEY LIKELY TO EXCEED 20,000.

Providence, R. I., Nov. 3 (Special).-Returns from fifty-two election districts out of 102 give McKinley 15,231; Bryan, 5,197. This indicates a plurality for McKinley exceeding 20,000, the largest by 10,000 in the history of the State. McKinley has carried every city and town in

McKinley has carried every city and town in the State, as far as heard from, and will probably have 3,000 plurality in Providence.

Republican Mayors were elected in Newport and Woonsocket, while the Democratic candidates won in Pawtucket and Central Falls. In Pawtucket ex-Governor John W. Davis was chosen Mayor through Republican factional quarrels. In this city McGuinness (Dem.) is reelected by 2,000 plurality.

UTAH.

MEAGRE RETURNS SHOW THAT THE MOR-MON STATE WENT FOR BRYAN.

Salt Lake, Nov. 3.—Exceedingly meagre returns received and trustworthy estimates show that Bryan and Sewall have carried Utah by 40,000 to 45,000 majority, and King, Democrat, is elected to Congress by probably 10,000 majority. The Legislature is in doubt, but it is certain the Democrats have made great gains, and it is probable they will have a majority on joint ballot, but it will be blose. A heavy vote was polled, and the outlying districts not yet heard from will favor the Republicans in the Legislature. 40,000 to 45,000 majority, and King, Democrat,

RETURNS INDICATE A PLURALITY OF 73,516 FOR M'KINLEY AND HOBART.

REPUBLICANS ELECT CONGRESSMEN IN ALL THE EIGHT DISTRICTS OF THE STATE-THE LEGIS-LATURE OVERWHELMINGLY REPUB-

LICAN-ESTIMATED RETURNS

FROM ALL COUNTIES.

Sturdy New-Jersey redeemed the hopes and vindicated the prediction of its truest so turning in yesterday a plurality of 73,516 for McKinley and Hobart, Sound Money and Pro-tection. The latest returns indicate that all eight of the Republican Congressmen have been re-elected, though at a late hour there was some doubt about Thomas McEwen in the Seventh Republicans claimed the election of seven of the eight State Senators, but the Democrats of Monmouth were confident that Stevens had beaten Francis in Monmouth. Forty-five of the sixty Assemblymen are Republicans.

No such victory was ever won in New-Jersey by any party or on any issue. In the tidal wave of 1894 the Republican plurality on Congressmen reached 48,478. The year following John W. Griggs was elected Governor by a plurality of 26,900, and this was taken to mean that 1894 had registered the high-water mark of Republican success in a State that usually gave from 8,000 to 15,000 Democratic plurality.

The tremendous plurality of yesterday is attributed to two causes: First, the personal popularity of Garret A. Hobart, now Vice-President-elect, and, secondly, the aid rendered by patriotic Democrats who were anxious to preserve the Nation's honor and promote its prosperity rather than join hands with the Populists who had captured their banners.

Here are the estimated pluralities of yesterday, by counties, as compared with those of four years ago on the Presidential ticket:

The following list shows the next Legi-lature. A complete House of Assembly, consisting of sixty members, was chosen. Senators were elected in Camden, Essex, Gloucester, Monmouth, Salem, Somerset, Union and Warren counties. Except in Warren, the retiring Senators were Republicans, so that the election of a Democratic Senator in Warren does not change the political complexion of the Senate, which consists now of eighteen Republicans and three

Welcome the latest scientific measure which will restore YOUTH, REAUTY, STRENGTH, HEALTH. This is accomplished by the Mountain Rose, which is indorsed by the famous lecturer, Mrs. E. C. Claffin. "Having made a thorough study of the necessities of modern women, I find a weakening of vital forces which should not be allowed, lest the entire constitution is undermined. Therefore, I have made exhaustive research and can recommend the Mountain Rose as a reliable home cure; saving tima, money and modesty, as hereby every woman is her own physician. I give this high praise to this meritorious article because of ratisfactory use and from results obtained by those to whom I have thus recommended."
